We make boat trailers. We only make boat trailers. *We have been making boat trailers for over 60 years.* Ever since the first SBS Trailer was created in 1957, we have pushed expectations and design. Our trailers have enabled their owners to tow with confidence and launch and recover with ease.

We know what it takes to produce a great product, and we do all that we can to ensure that each and every trailer we sell is epic.

ABOUT SBS TRAILERS

An SBS Trailer is renowned as the finest boat trailer available in the UK.

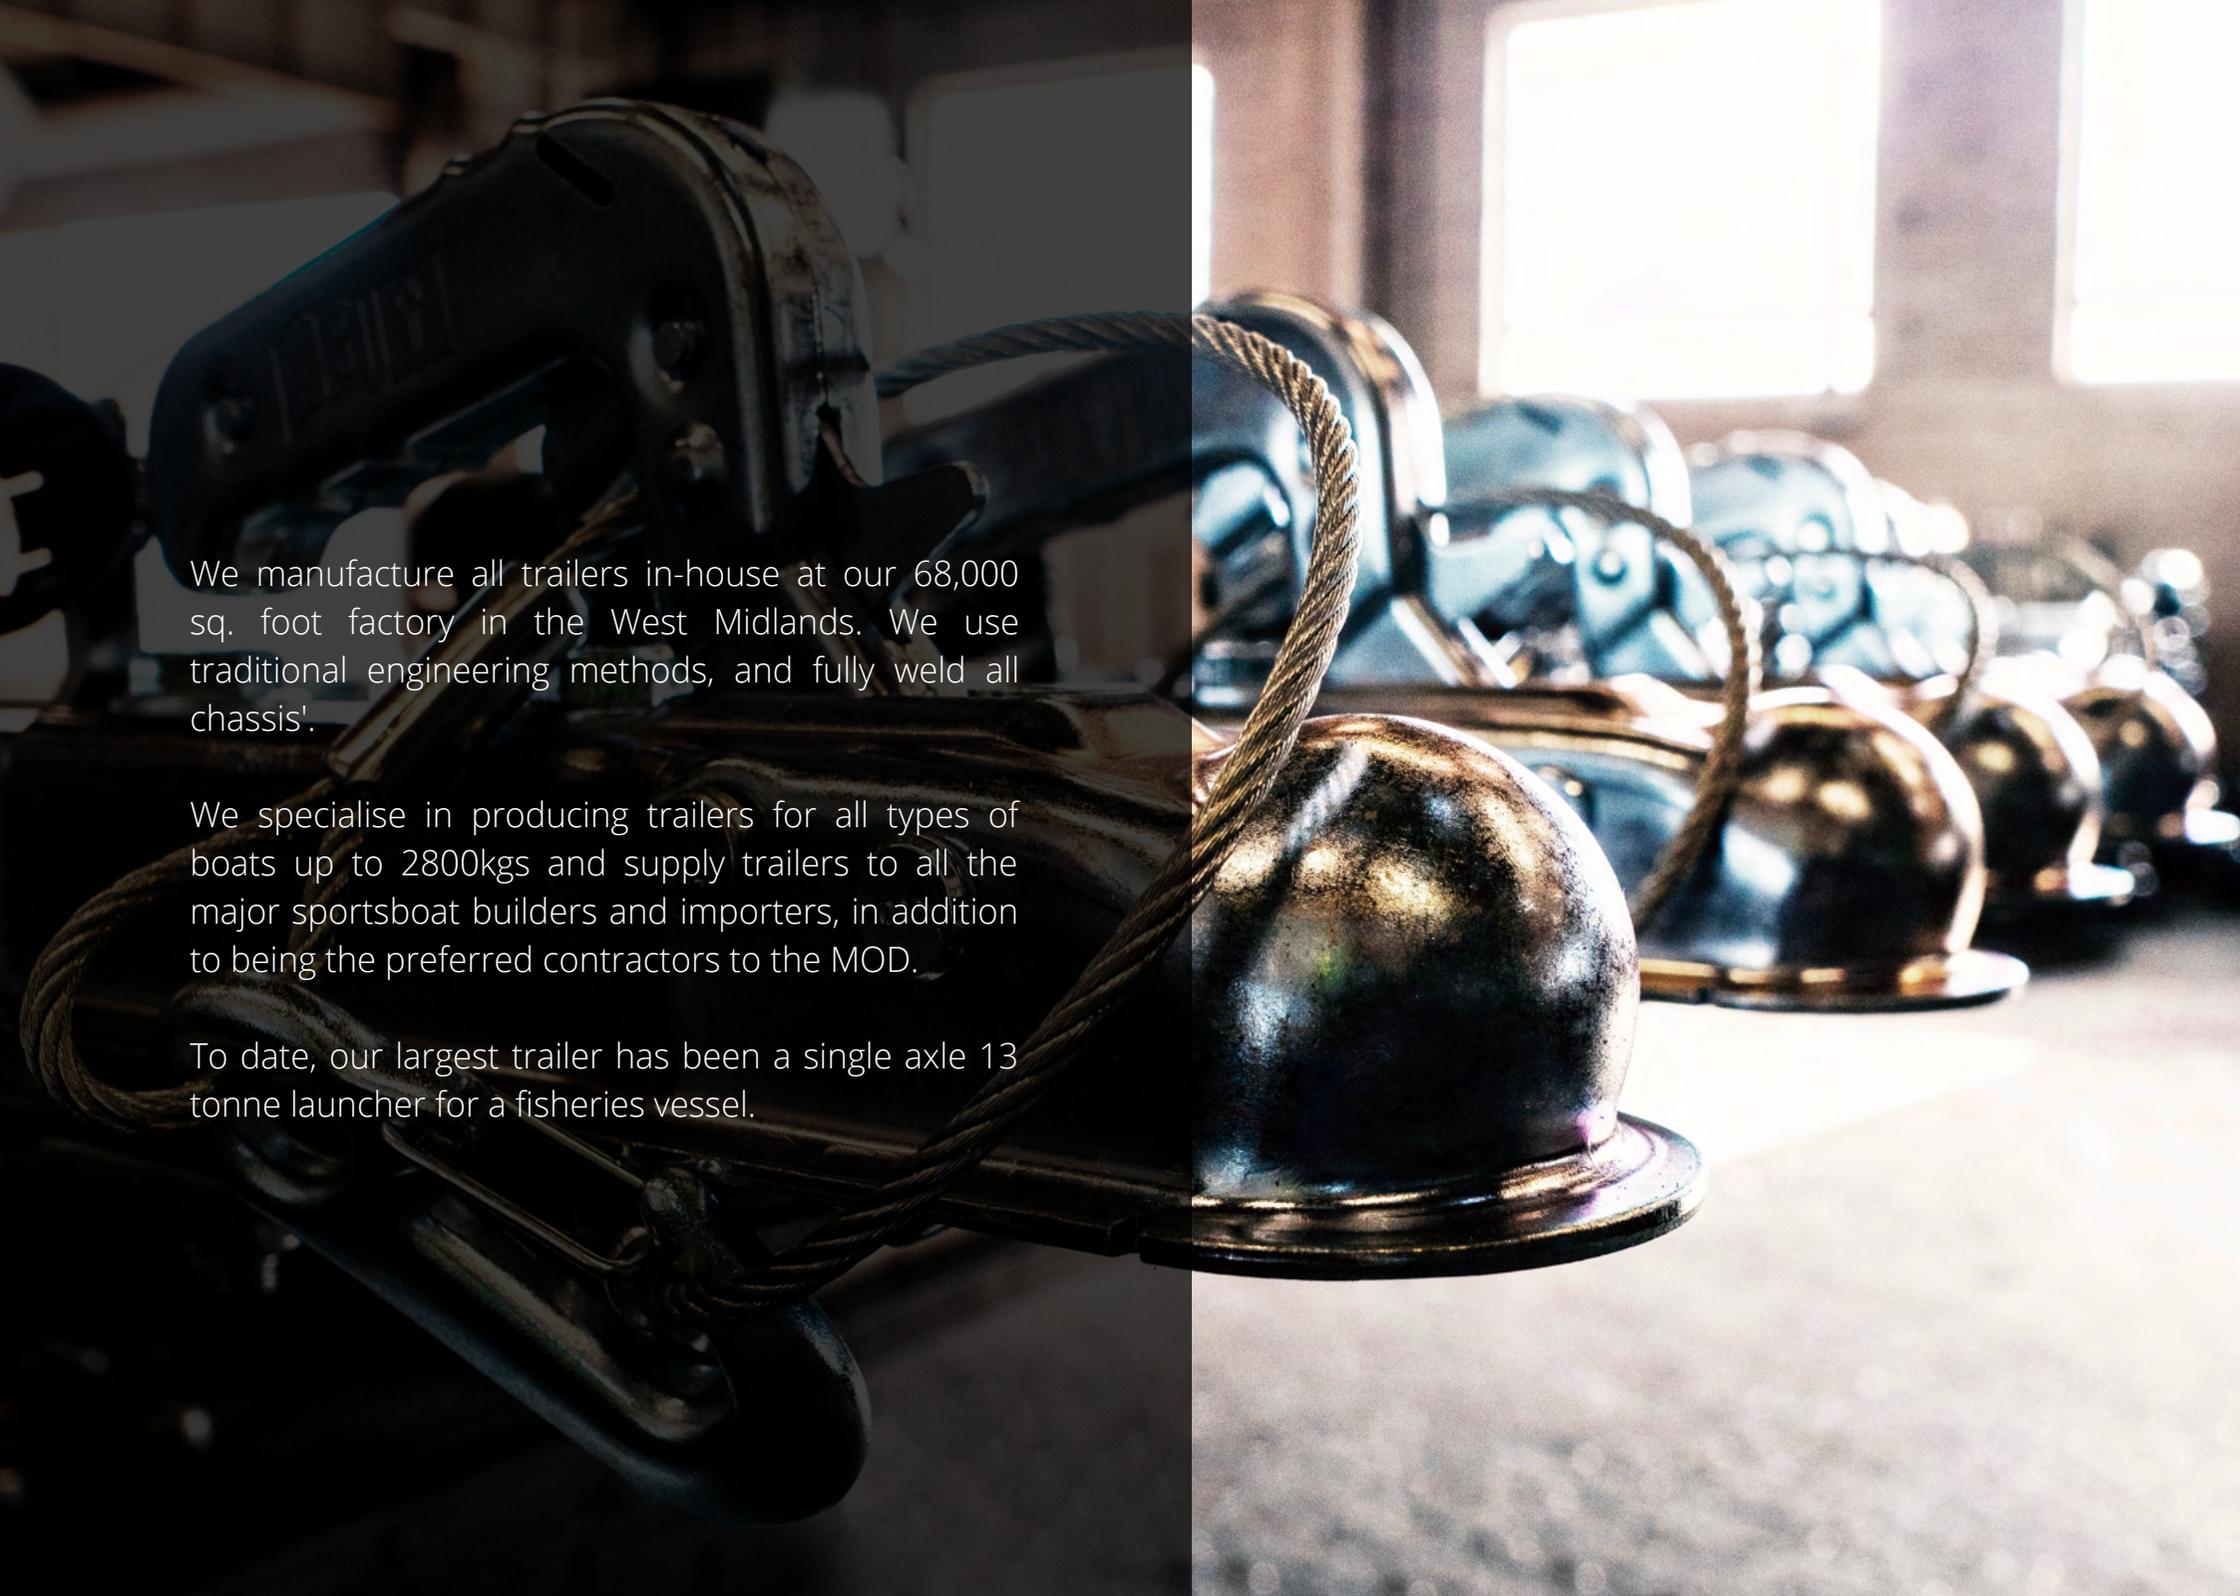

Designed in the late 50's by our chairman, Tony Wyer, the first trailers were made to service the exploding dinghy market. From there the business expanded to encompass the 'new' trailer sailers such as Hurley and Hunter.

This set the trend for SBS to become established as the preferred OE supplier direct to boat builders and importers and one that continues to this day. It's no coincidence that quality boat marques sit on top of an SBS.

It's our reliability and service that is the cornerstone of our success. Our reputation for building to a higher standard and going the extra mile ensures you know you are getting the best product available for you and your boat.

To this day, SBS remains a family run business with its third generation now very much involved.

We manufacture all trailers in-house at our 68,000 sq. foot factory in the West Midlands. We use traditional engineering methods, and fully weld all chassis'.

We specialise in producing trailers for all types of boats up to 2800kgs and supply trailers to all the major sportsboat builders and importers, in addition to being the preferred contractors to the MOD.

To date, our largest trailer has been a single axle 13 tonne launcher for a fisheries vessel.

Trailers

We manufacture, trailers for dinghies, jet skis motorboats, RIBs and yachts. We have a standard range of trailers to suit, however, we can customise all our trailers or produce fully bespoke builds to ensure the perfect fit and support for your boat.

Our trailers are for those who want the enjoyment of boating without the hassle. They are designed with the user in mind to ensure they are easy to use and as maintenance 'free' as possible.

An SBS trailer will provide you with the confidence, durability and safety you want when towing, storing or transporting your boat.

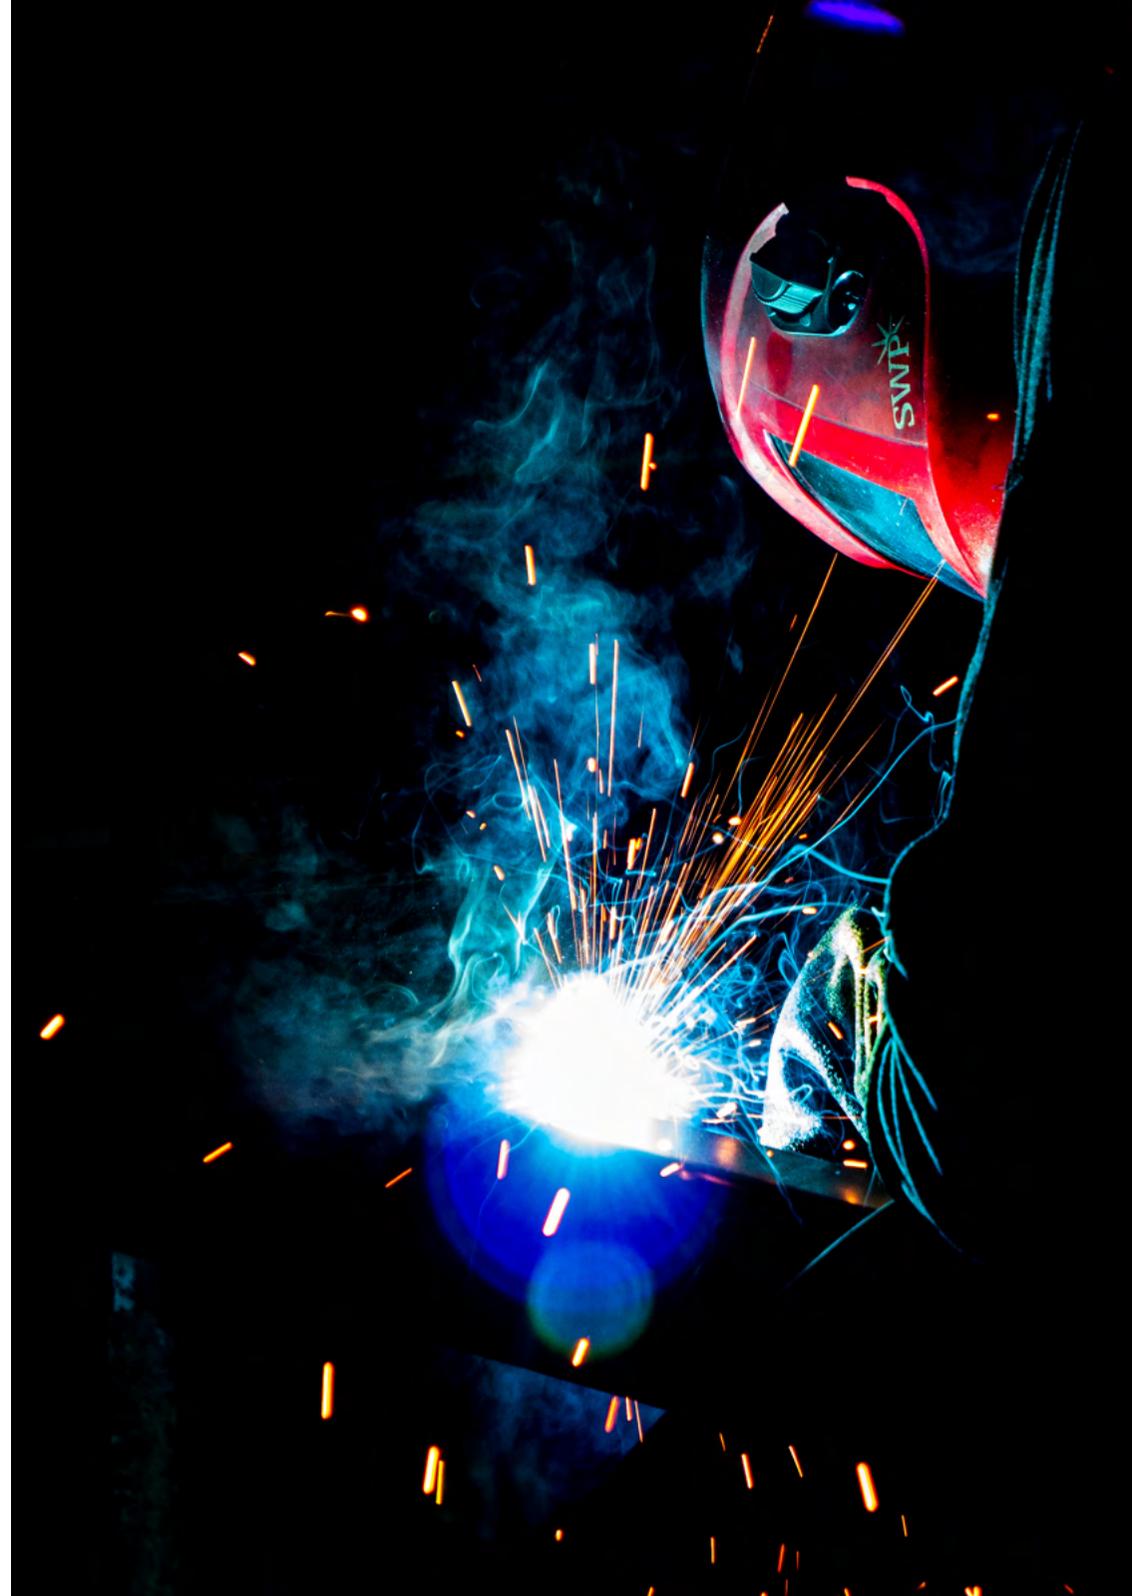

They're so good, you won't even know you've got one.

Materials & Fabrication

SBS trailers have been manufactured in the heart of the West Midlands from the very beginning. We carefully handpick our suppliers to ensure we are using locally sourced, premium materials whenever possible, whilst maintaining our superior quality. By striving to use local suppliers, we endeavour to reduce the environmental impact of each trailer.

We cut, weld and assemble all trailers on site. Fully welded trailers are standard across the entire SBS range. As all fabrication work is carried out on-site, where we are able to employ rigorous quality control throughout the entire trailer build process.

Spares & Accessories

Keep your trailer operating at its best with our wide range of trailer spares and accessories.

From axles to winches, in addition to storage and security products, we're confident we'll have what you need. If we don't carry stock of what you need, we'll do our best to source it for you.

With a team of specialists available to assist with any enquiries, we're always here to help and offer advice.

Our entire range of spares and accessories is available for nationwide standard and express delivery. With SBS owners benefit from a number of special offers and discounts throughout the year.

Why Choose SBS Trailers

UNMISTAKEABLE DESIGN

SBS Trailers feature a distinctive signature stripe, designed to enhance your trailers contemporary appeal.

BESPOKE

We offer customisation of our existing trailer range in addition to fully bespoke trailer builds. We can build our trailers to exact boat specifications to ensure the perfect fit and ultimate support.

TYPE APPROVAL

All our trailers conform to the latest type approval legislation. SBS was the first manufacturer in the UK to be awarded type approval for both the UK and EU.

ULTIMATE ADAPTABILITY

Our trailers are all fully adjustable to ensure the perfect fit to your boat. The axle position, snubber post, winch height and rollers are easily hand adjusted to provide excellent support.

TOW IN CONFIDENCE

All SBS Trailers are fully welded. This provides a stronger, stiffer, safer tow and is far superior to a bolt together trailer.

SAFETY

With a removeable rear light board, reflectors, LED side markers*, forward facing white LEDs*, and unique reflective stripe, our trailers ensure you can see and be seen.

WARRANTY

Constructed to last a lifetime, we are the only manufacturer to offer a limited lifetime warranty on the structural integrity of our chassis.

SBS Experience

Dealers

Whether you buy directly from SBS or through one of our dealers you will experience our top level of service and care. All SBS approved dealers provide a one-stop service, from purchase to servicing to boat transfers.

Sustainability

As part of our on-going bid to protect the environment, we have teamed up with Ocean Bottle to help reduce plastic waste. Each bottle stops the equivalent of 1000 plastic bottles from even entering our oceans and we want to stop 1,000,000 of them! Every braked trailer comes with a beautiful SBS Orange Ocean Bottle on completion of your registration card. Not only are you treating your boat to the best trailer, you are also treating the planet with respect and together we are doing a little bit to make things a whole lot better.

Process

When you order an SBS trailer, we want you to enjoy the experience from start to finish, and be as excited about the process as we are. That's why we make sure you're involved and know what's going on every step of the journey. With regular updates on the stages of welding & fabrication, galvanising, fit out and completion.

SBS Customer

As an SBS customer, you will be offered the opportunity to collect your trailer from our showroom. Upon collection, refreshments will be provided along with a trailer walk-around from one of our top technicians, to enable you to get the most out of your trailer. Subject to any future Covid-19 restrictions and in accordance with latest Government guidelines.

Remember, as an SBS customer, you will have access to exclusive discounts and tailor made guides.

Getting Started

To know more about an SBS Trailer, please get in touch. We will talk through your specific needs to establish what trailer and support style is best suited to you and your boat.

Once you've placed an order, we'll keep you up to date on your build all the way through to completion. On collection or delivery of your trailer, we'll provide all the necessary paperwork.

An SBS trailer is your ticket to boating freedom. Start your SBS adventure today!

Testimonials

"Just wanted to give everyone a huge thank you for yesterday when we collected the trailer. It towed superb. I don't ever remember meeting a nicer sales team and being made to feel so welcome. Our sincere thanks to Lucy for making it all happen in the first place. We wish you all well. SBS you are amazing people. Thank you. "

Gary & Karen - Aug 2020

Just to confirm that the trailer is now here and my husband is a very happy man indeed! It looks amazing and we are very excited about the adventures we can now go on.

Rachel - April 2021

"SBS will be the first people I call if I need another trailer"

Paul S - April 2021

"Lucy and the whole team were great, no problems at all"

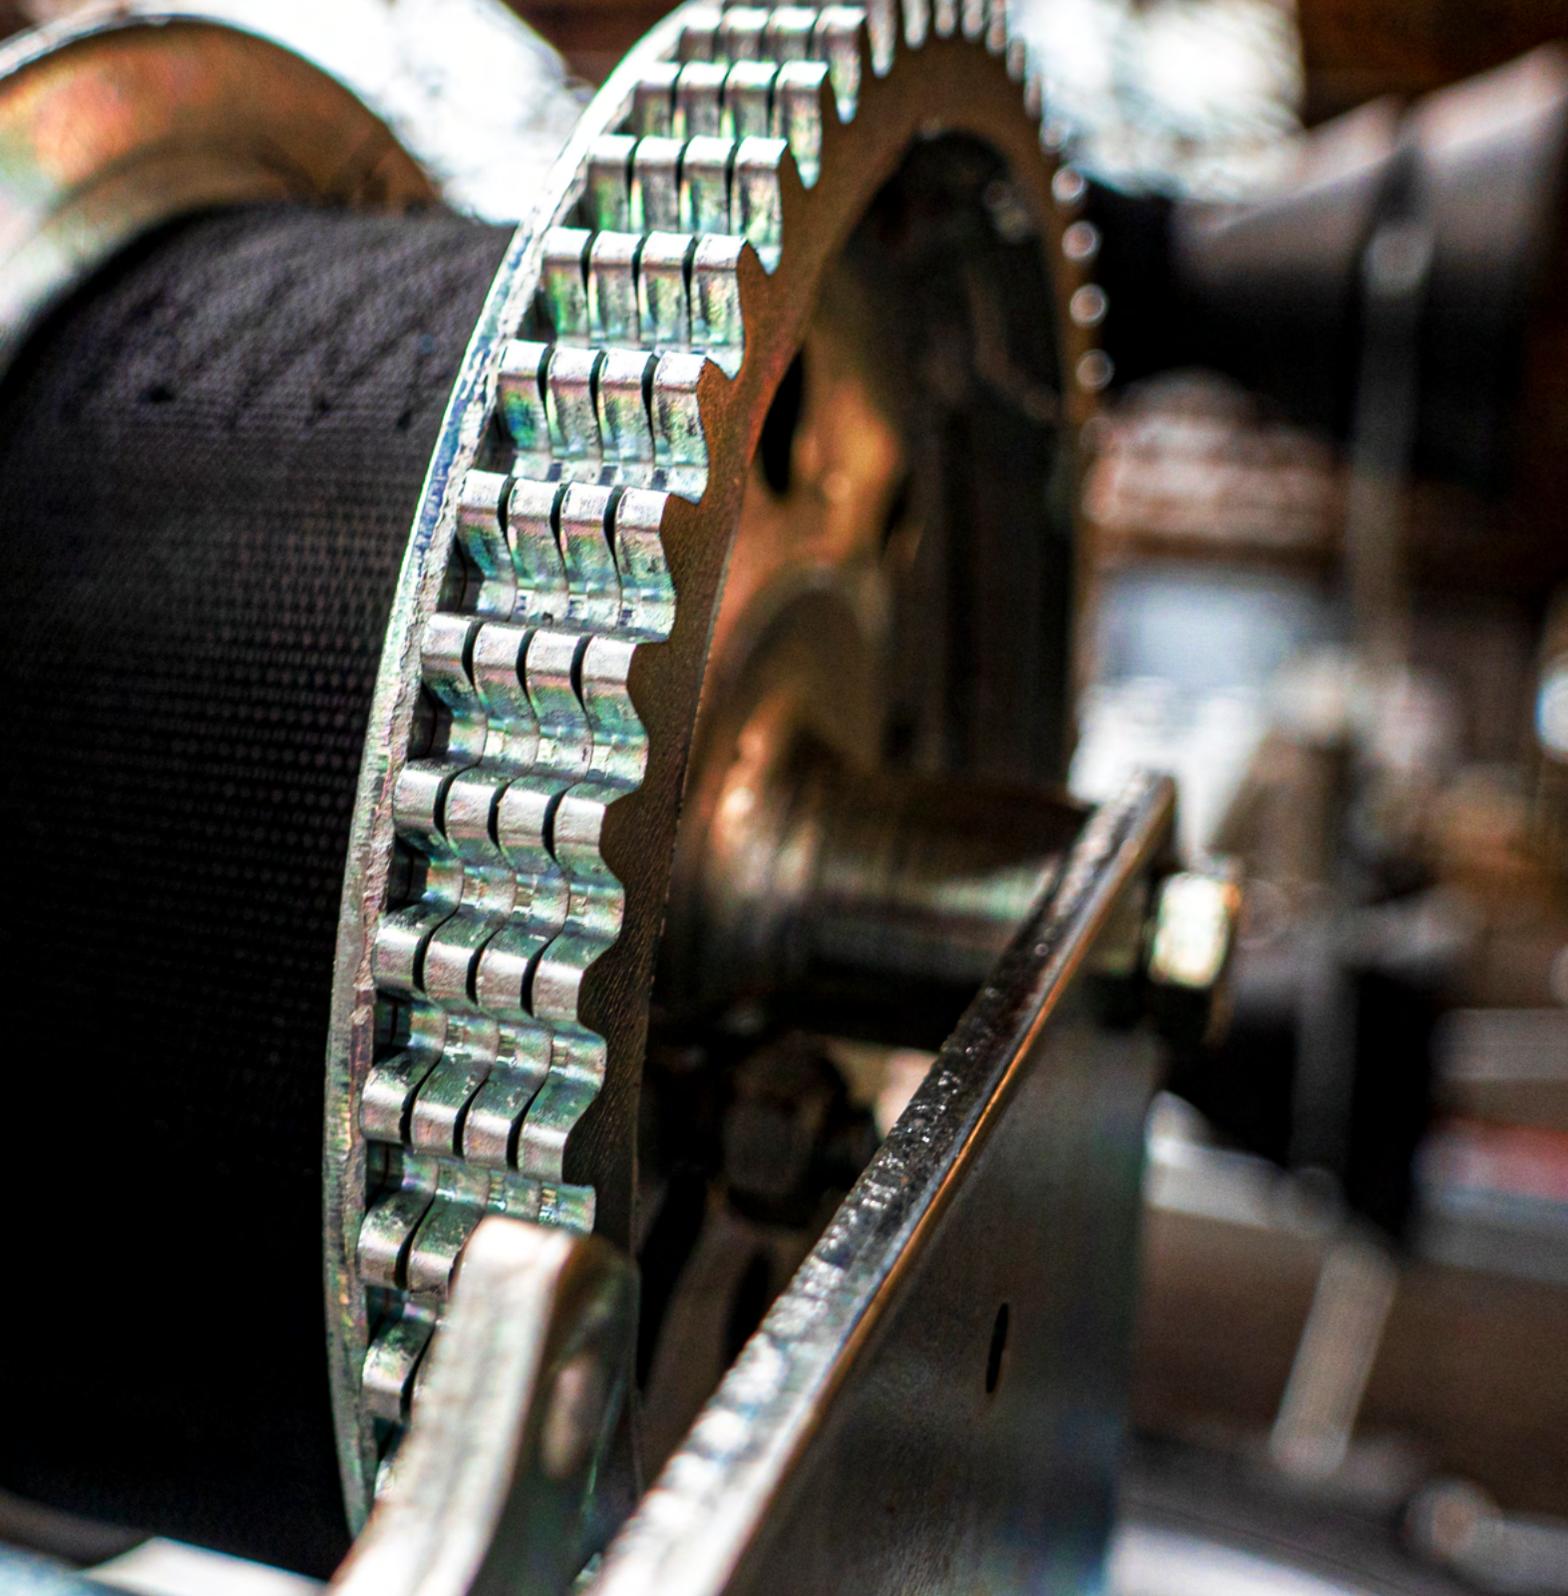

Danielle W - Oct 2020

"SBS would be my first port of call, would highly recommend, could not fault service from order to collection"

Daniel H - July 2020

As a welder and blacksmith I came to SBS because of their quality.

G Gray - Feb 2021
